

## **Preschool Registration for 2017-2018**

All children enrolled in Preschool program will attend for 5 ½ hours five days per week. Tuition is \$5,500/year or \$550/month. Applicants will register at either Mary A. Hubbard or Wesley D. Tisdale Schools January 16th through January 19th by appointment. Please bring completed registration materials to the appointment. Students will be screened on February 2 or 3, 2017 by appointment.

To be eligible, a child must be 4 years old on or before October 1, 2017. For the 2017-2018 school year, 4-year-old enrollment will determine if the program will be extended to children age 3 by October 1, 2017, providing space is available. At this time, only applications for 4-year-olds will be accepted. All students must be toilet-trained.

The Integrated 4-Year-Old Preschool Program is an inclusionary program that is comprised of general education preschoolers and those who have special needs. Children with special needs are placed in the program through an evaluation performed by the Ramsey Preschool Child Study Team. The program utilizes the Creative Curriculum and provides a developmentally appropriate, enriching educational experience for all children.

There are limited openings available in each school. Students may be offered spots in either school based on enrollment.
