

HUBBARD SCHOOL "READS TO FEED"

There are great things happening at Hubbard that reinforce our vision of what "Kindness" is. 2K would like to lead the charge with the READ to FEED program.

READ to FEED is a reading incentive program designed by Heifer International, a nonprofit organization dedicated to ending world hunger and poverty while caring for the earth.

Please read the attached Student's Guide for information about the program. Students and sponsors can choose how to donate throughout the month. For example, 10¢ per book, or a penny for every minute of reading. Sponsors may also choose to make a flat donation. We are encouraging all of our Hubbard School students to participate in this program.

All Enrollment Forms/Sponsor Envelopes are due by Monday, November 7th. (These can be found in the middle of the Student's Guide.)

Please make checks payable to "Heifer International: Read to Feed"

PLEASE WRITE "MARY A. HUBBARD SCHOOL" ON THE CHECK MEMO LINE. Thank you!

Please take the time to also read the Student's Guide with your child. This program encourages reading and promotes global awareness. Our Hubbard School community will have the opportunity to help other communities in need.

Thank you!

The Hubbard School Reading Community ☺
